

Statutory Framework

Our Curriculum at St Charles reflects the requirement to provide a broad and balanced curriculum as set out in the Academies Act 2010. It is based on the National Curriculum, which outlines the statutory objectives for the knowledge, skills and understanding that we teach at St Charles from Year 1 to Year 6, and the National Curriculum Programmes of Study which we have chosen to follow.

Children in the Early Years Foundation Stage are taught using the Statutory EYFS framework, which sets the standards for learning, development and care for children from birth to five. We emphasise developing key skills, knowledge and understanding through both direct teaching and structured continuous provision.

Our curriculum also reflects requirements for inclusion and equality as set out in the Special Educational Needs and Disability Code of Practice and the Equality Act 2010. Further information can be found in our SEND Policy and our Statement of Equality Information and Objectives on the Policy Page of the school website.
